ROLL CALL: Gawas, Geevers, Hersh, Mandel

STATEMENT OF ADEQUATE NOTICE

This is to advise that the notice requirement provided for in the "Open Public Meetings Act" has been satisfied. Notice of this meeting was properly given and transmitted to The Times and Princeton Packet; filed with the Clerk of the Municipality; and posted in the West Windsor Township Municipal Building at North Post and Clarksville Roads on January 8, 2021.

ATTENDEES: President: Mandel; Council: Gawas, Geevers, Hersh; Mayor: Marathe; Township Clerk: Huber

ABSENT: Stevens

SALUTE TO THE FLAG

Ms. Huber led the salute to the flag.

PUBLIC COMMENT

Mr. John Church, 11 Princeton Place, commented on COVID19 and the need to reach out to all residents.

Ms. Tirza Wahrman, 5 Stonelea Drive, commented on the recent events in Washington D.C.

Mr. Tim Bryant, 1 Villa Drive, commented on why the Mayor and Council have not addressed the events that occurred in Washington D.C. last week.

ADMINISTRATION COMMENTS

Ms. Schmid made the following announcements:

- The municipal offices will be closed on Monday, January 18th in observance of Martin Luther King Day
- Yard debris is currently being picked up in Zone 3. Public Works will finish with Zone 4 and then no debris will be picked up until March.

Mayor Marathe provided his comments on the events that occurred in Washington D.C. (his full comments will be made part of the official minutes). He reminded residents that the second meeting for the Sewer Survey will be held tomorrow on Zoom. Mayor Marathe advised that residents can go to the Township web-site for further instructions on how to log onto this meeting. He noted that the meeting held last week has been posted on the web-site for residents to review. He encouraged everyone to return the surveys to the Township whether you are for or against the project.

Mayor Marathe reported that the Township held its first clinic last week for COVID 19 shots. He advised that the Township continues to request vaccinations each week and will advise residents as they become available. Mayor Marathe noted that the Township is working on a registration form which will be available on the Township web-site.

COUNCIL MEMBER COMMENTS

Ms. Geevers read her comments into the record regarding the events that took place in Washington D.C. (her full comments will be made part of the official minutes). She reminded those residents in the sewer survey area to send back their response whether for or against the project and noted the next meeting will take place on Tuesday, January 12th starting at 1:00 p.m. Ms. Geevers encouraged all residents to sign-up for vaccinations through the state web-site and that she attended the first vaccination clinic held in West Windsor and thanked Ms. Swanson and her staff for a very organized event.

Mr. Hersh encouraged residents to show up if you signed up for vaccines. He gave a shout out to Eric Cushman from St. Bartholomew Church in Trenton, Girl Scout Troop 3440, Mothers of West Windsor and the West Windsor Prom Committee for all their efforts in providing food to those families in need. Mr. Hersh read his comments into the record regarding the recent events in Washington D.C. (his full comments will be made part of the official minutes). He reminded everyone that January 18th is a Day of Service and encouraged everyone to volunteer however they can.

Ms. Gawas announced that the West Windsor Health Division is the Hometown Hero for the week of January 6th. She advised that she too attended the clinic last week and the Health Division under the leadership of Ms. Swanson is doing a great job. Ms. Gawas read her comments into the record regarding the recent events in Washington D.C. (her full comments will be made part of the official minutes). She noted that Station 45 West Windsor Township's Fire and Emergency Services Division will be the next Hometown Hero.

CHAIR/CLERK COMMENTS

President Mandel noted her appreciation to the Fire and Emergency Services Division for all their hard work and looks forward to presenting them with their proclamation. She advised that she also attended the first clinic at the Senior Center for vaccinations and was honored to give the proclamation to Ms. Swanson and her team for all their hard work during the pandemic. President Mandel read her comments into the record regarding the recent events that occurred in Washington D.C. (her full comments will be made part of the official minutes).

Last week what I saw on TV disturbed me enough to break my own rule, hopefully for the first and last time.

While I served as a school board president for 9 years from 2004 to 2013, I would get a request almost every month to make a statement or comment on issues that affected the school district but over which the school board had no control. Even though I agreed with many of those issues, it was always my policy to focus on job at hand and not use my position to comment on issues over which school board had no control.

I continued that philosophy when I got elected Mayor in 2017. In the precious meeting time available, with our town facing numerous problems that the Mayor and Council can directly solve, it is unproductive to use that time to discuss issues over which my office has zero control. I have always put substance above showmanship. It has also been my philosophy not to use my position as mayor to comment on what other elected officials should do.

But last week, as I sat in doctor's waiting room while my mom was undergoing examination, "I saw something that I thought I would never see." The Capitol Hill was under siege by supporters of President Trump. The mob tried to intentionally disrupt constitutional transfer of power. Their actions were an unprecedented attack on American Democracy. My prayers are for the law enforcement officer that lost his life in this incidence. Those responsible for these actions should be held fully accountable.

Authoritarianism and mob justice have no place in our society. I wish our newly elected President Joe Biden the best and hope the country can heal. I will do everything within my power to bring people together in West Windsor. I hope each of us as residents of this great town will reflect on our actions - whether they will bring people together or drive them apart.

May God bless West Windsor and the United states of America.

Mayor Hemant Marathe

1/11/2021 Council Meeting

This week we are honoring Station #45, West Windsor Fire & Emergency Services, as Hometown Heroes. They are our paid professional EMTs and Fire Fighters, and we appreciate all the work they have been doing.

Last week we honored our own West Windsor Health Department, led by Jill Swanson for the incredible job they have done this past year. By pure luck, or perhaps fate, this was also the week that our Health Department was going to have our first Covid Vaccine Clinic. I immediately set to find out if there was a good time that the Council, which is also the Board of Health, could come observe the Wednesday, January 6 first clinic and present the staff with our Hometown Heroes proclamation on this historic day.

We were thrilled to see a well-organized, successful operation and present the proclamation to this well deserving group. We were on an incredible high and joking with our first responders as they got their shots. It was a magical moment where we could see the beginning of the end of all this pain.

The high came crashing down. All of a sudden there were news reports of protestors breaking into the capitol, and then more of them inside. Of intruders yelling death threats at Vice President Pence and sitting in Nancy Pelosi's office. And later of the death of a brave policeman, Brian Sicknick, who was from New Jersey.

I love studying history, especially American History. The miracle of the United States is not that we started with an election, but that we held them on a regular basis, in war and peace and yes epidemics, and we peacefully transferred power as a result. It is not that we wrote a constitution, but that we followed it and let judges overrule us if we did not. It is that we made a promise and we kept it. Our elected officials have always supported this.

On the afternoon of January 6, I wrote and posted the following about the mobs at the capitol who were supporting President Trump, and were there at his own urging:

For over 200 years our republic has existed because we select leaders based on the votes of our people and not who can assemble the strongest mob. And if the people choose new leaders, there is an orderly transfer of power.

Today, for the first time in our history, we watched as mobs invaded the Capitol and tried to disrupt and scare elected representatives from performing that peaceful transfer of power. Don't call yourself patriots if you do that - you have done what no enemy of the United States has ever been able to do.

We must arrest and punish those involved, and not let this happen again. We must find out who planned it, who supported it, and prevent it from happening again – in the Capitol or in our states, cities and towns. We must do this all within the law, and remember why we are doing it.

I want to see peace in our land, cooperation, and people working together for a common good. I look forward to our new President supporting this every day. As always, I come back to West Windsor and how we can show the way. Before we say or act, let's ask ourselves – Will this bring people together? Or will it pull us apart?

Andrea Mandel

West Windsor Township Council President

January 11, 2021

1. Last week on Jan 6th WW health department held its first Covid vaccine clinic. I had the opportunity to visit the clinic along with my colleagues in the Council and as board of health. For the past year we have been actively involved to ensure we meet all the challenges of Covid-19. It was a happy coincidence that last week our Hometown Heroes was awarded to our Health Department. I was very impressed by the set-up and the energetic staff working very hard so we can put this Pandemic behind us.

I drove back home very excited from the success of the vaccination clinic only to find my children glued to the television watching the horrific scenes at the Capital.

My first memory of Capital hill is from Jan of 2002, when I visited the white house and the Capital hill along with my parents as a 9/11 widow. That visit gave me a new immigrant and my family the assurance that this country is built upon strong principles and patriotism. And that I will be ok here, for my father it was very important as I was young myself then.

19 years later as I witnessed that belief of mine being shattered in front of my young children and as I sat down to help them make sense of what was happening, the thought that came to my mind is "We are better than this".

For over 2 centuries our republic has existed because the people of this country elect their leaders. For the first time since the war of 1812 we watched mobs invade the Capital. The supporters of President Trump tried to disrupt our representatives from performing their duty. But they failed and our Democracy held firm as the Senate and House representatives certified the election of President-Elect Joe Biden.

I extend my deepest condolences to Officer Sicknick's family who lost his life in this incidence.

Theodore Roosevelt once said and I quote, "Patriotism means to stand by the Country. It does not mean to stand by the President."

Anyone who incites or supports violence and insurrection cannot be our Leader. I am hurt but I truly believe we will come out stronger!

We need to look past ourselves, our disagreements and put our Democracy first!

I wish President- Elect Joe Biden the best as we come together and heal as Americans!

2. On happier note, this week we honor our own Fire and Emergency Services Personnel from Station 45 as our Hometown Hero. This department alongside our health department have been very instrumental to meet every challenge that this pandemic has brought upon us. Please join us in thanking them for their service.

As I watched the horrific events on TV last Tuesday, I could barely believe what was happening like many of you. First, President Trump delivered a political rant at a D.C. rally primarily focusing on how he believes the election was stolen from him. In the end, he encouraged thousands of people in attendance to march to the Capitol to show force.

Peaceful marches are part of our democratic society. But what transpired, was a result of a planned hostile attack on members of Congress who were performing their duty to certify the results of the presidential election. It was terribly divisive and irresponsible of President Trump to say or do anything that would encourage such lawlessness. He should have set the tone for a peaceful transition of power, instead of setting the stage for utter chaos. To those in Congress, I encourage you to consider all measures available to you to address the President's behavior, including impeachment.

I strongly condemn the illegal and violent actions of the rioters who were carrying out an insurgence on our legislative branch of government. They must be arrested and prosecuted to the full extent of the law. Let us never forget, this violent attack resulted in five deaths, including a Capitol police officer originally from New Jersey.

I congratulate President-Elect Joe Biden and Vice President-Elect Kamala Harris on their election. I have faith that as Joe Biden becomes our next President, he will lead our country in healing and unity by working across party lines to accomplish shared goals.

Linda Geever

Comments to the West Windsor Community on the January 6 2021 Insurrection

The events of last week made me sad and disgusted. Many of you know that I volunteer my time supporting and advising on national security matters facing our nation. The lens through which I make the following comments, are from a national security perspective. I proudly serve with patriots from all parties and no party, all who put our country first.

On January 6th, the President and his cronies directly incited an insurrection on the United States Capital, his latest attempt to subvert our democracy. Lives were lost, and it becomes clearer every day that the President held back law enforcement from preparing and responding. The Governor of Maryland has said publicly that his offers to send in the Maryland National Guard were originally denied. It took the Vice President circumventing the chain of command, under duress at the US Capital, to get the necessary reinforcements that ultimately cleared the insurrection.

Before January 6th, the closest a confederate flag came in battle to the US Capital was 15 miles during the civil war. To many the confederate flag is a symbol of slavery, racism, and hate. Let us never forget that on January 6th it flew freely in the heart of our democracy and let us ensure that it can never happen again.

Supported by close allies, news media, and over 120 members of congress, this President has assaulted the most important foundation of our democracy – the public's confidence in a free and fair election. The trust that one's vote wields their power. I fear that the ruinous legacy of Trump will include an enduring doubt in the validity of our elections - a service only to our nation's enemies.

The assault on our democracy began long before January 6th and long before Americans came out to vote in November. It continues to this day. The systematic and continuous undermining of the public's faith in our intelligence community, installing inexperienced and submissive government leaders, and sparking and fanning the flames of hate and divisiveness – is how they, and authoritarian leaders throughout history, have eroded the systems of democracy that check their power. This President has steadily eroded the many checks and balances that sustain our democracy throughout his presidency. The events of January 6th were sadly the latest logical progression in his desire to stay in power and wield influence, whether or not he held the Presidency. Let us pray that things do not get worse before they get better. The President remains in power and 120+ members of congress have, to date, submitted to his will.

President Trump, and those that enable him, are an imminent threat to our democracy. He and they must be removed as soon as possible. Vice President Pence should have invoked the 25th amendment on January 6th and, because of his failure to do so, it is now the very American duty of Congress to impeach this president. He must be contained now and should never have the opportunity to be in power again.

On January 20th, President-elect Biden will become President Biden. President Biden must undo the sabotage and put out these fires for the enduring good of our country. Recognizing the time and national effort this will take, the President-elect has made continuous calls for unity and a push to move beyond partisanship.

We in West Windsor have an opportunity to be a unifying force for each other and avoid the lazy tendencies of trying to use national anger to sew division in our community. We are the perfect place to ensure the President-elect's calls for unity and an end to partisan divides are realized. President Trump must be removed immediately and should see his day of reckoning in the US court system. Here at home, we must continue to do well for our community.
